Il progetto vuole favorire lo scambio e l'interazione tra docenti e alunni di Paesi diversi per creare una collaborazione attiva, tesa allo sviluppo della cittadinanza europea nelle nuove generazioni.

Gli alunni vivranno stimolanti situazioni di apprendimento e avranno l'opportunità di potenziare la lingua inglese e l'uso consapevole delle nuove tecnologie.

Attraverso i progetti eTwinning il curricolo scolastico viene attuato in maniera trasversale, interdisciplinare e “un pezzo di didattica curricolare diventa internazionale”
